Youth Accelerator Pumpkin Enzyme Peel

Youth Accelerator™ is a 100% natural un-buffered pumpkin wine enzyme peel. This nutrient rich formula with powerful antioxidant properties is intensive therapy that targets the skin receptors while helping to minimize the free radical damage that can result in accelerated aging. D-Beta-Fructan conditions the skin, ensuring your skin stays luscious and soft resulting in younger, healthier looking skin and a more vibrant complexion! Suitable for all skin types.

How To Use: Use once a week, on clean skin but not on the same day as using Sir Activ™ scrub. Using a spatula (to avoid contamination), scoop out a small amount in the palm of your hand and smooth a thin layer gently over your face, avoiding the eye area. Leave on for 10 to 15 minutes. Gently rinse with warm water ensuring all traces of the peel are removed. Follow with Circuit Addict™, Circuit O.M.G.™, or Circuit Weapon™ serums. For added benefits, Molecular Mist™ and Dreamweaver™ may be applied as part of your daily home treatment program. RRP \$115
