

timeout for You

NEWSLETTER JULY – AUGUST 2009

As Seen On Today Tonight

You need to replace your Mascara every 4 months, otherwise it can cause major eye problems.

When you next need to replace your mascara why not try our Blinc Mascara, the world's best mascara, it doesn't smudge, cake, flake or run. A must for contact lens wearers.

DON'T DELAY – BOOK NOW

Prepayment is required to secure your appointment.

LATEST TECHNOLOGY – Skin Renewal Treatment

On 13th July all of us at Timeout for You are going to the launch and have further education and training on this latest technology.

This remarkable new technology is available in two variations; an Intensive In Salon Treatment and a Home Maintenance Kit. Would your skin benefit from Stimulation of Collagen, Reduction in the appearance and size of pores, Increased Cell Renewal, Reduction in the appearance of scar tissue, Regulation of Pigmentation, Exfoliation/Desquamation and Increased Topical Product Absorption?

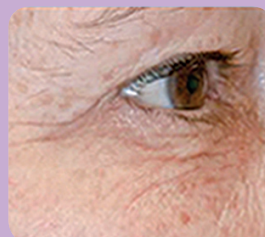

Results may be seen even after one treatment. Patients report a firmer, even-toned, more revitalised skin with visible decreases in all of the above.

Stay tuned we will know all about it after 13th July and have already started our own treatments ourselves, see if you can see the difference.

BACK By Popular Demand

Melanie is now available for appointments every 2nd Saturday, she looks forward to seeing you.

NEWSFLASH SERIOUS Anti-aging Results!

Product of the Month –
Protocell – bio-active stem cell protective moisturiser

Using the latest cutting edge technology to protect the cells in the skin, Protocell is a scientifically-proven, protective facial moisturiser, that provides serious anti-aging results for all skin types.

Protocell effectively works to rejuvenate all skin types, especially mature skin, and leaves a noticeably more youthful, vibrant skin.

Extensive laboratory studies of the active ingredients in Protocell prove a significant and visible decrease in the wrinkle depth of crow's feet for 100% of subjects tested.

Cosmetic Physician

For a smoothed, rejuvenated and more youthful appearance.

It's a simple non surgical procedure that smoothes the deep, persistent facial lines that develop over time.

One ten minute treatment - a few tiny injections - and within days dramatic results lasting for 4 months.

Dr Kate our Cosmetic Physician will be visiting our Salon on Thursday July 16th & Thursday 20th August

Appointments are available from 11.30am
