Hot Product of the Month!

Instant Eye Lift

V8 peptide complex™ in its pure most potent concentration gives instant eye lift a double edged anti-ageing sword offering immediate visible results which assist long-term wrinkle reduction benefits. Watch lines disappear before your eyes whilst muscle relaxing benefits accumulate with daily use.

How to Use:

Remember less is best; apply sparingly to fine lines and wrinkles. Apply after your moisturiser and rub in circular motions into the line, wrinkle or fold. Allow 2-3 mins to dry and do not move the area until the instant eye lift sets. If you have any white residue left after the liquid has dried remove with a small amount of water. White residue is a sign of too much product being used.

Eye splurgy! Perfect for wrinkle free, youthful eyes.

Skin nurturing, talc-free makeup with UV protection and antioxidant benefits.
