NEW Just Arrived

Once you've had Max it's
written all over your face!

Max7 L.E.D. Phototherapy is a new, non-invasive light therapy that has blown away the beauty and cosmetic surgery industry.

Max7 Treatments are completely pain free and are brilliant performed as a stand alone treatment or added to other modalities, such as peels, photorejuvenation facials and microdermabrasion to enhance treatment results as well as stimulate the skin at a cellular level. This technology was originally developed by NASA to improve wound healing and tissue growth in space. It also assisted with tired and fatigued astronauts upon their return.

Max7 treats a vast number of skin conditions successfully and has been proven to restore youth to aging skin, rejuvenate skin cells, calm red capillaries and purify blemishes, even out skin tone, increase collagen production, control excessive oil flow. The technology uses 7 wavelengths within the visible light spectrum to send regulated light into the dermal layer, setting off a frenzy of cellular activity to produce softer, clearer, more youthful looking skin, without causing injury.

As our introductory offer to you enjoy Max for 50% off for the month of January only, enjoy Max as a stand alone treatment for \$55 normally \$110.

Or why not add it to your January facial treatment for \$30 normally \$80.

Packages are available - buy 6

OUR CANCELLATION POLICY

We are a sought after beauty business and often have a waitlist of clients therefore we **DO** require **48 hours** notice to **cancel or reschedule** all appointments otherwise a late cancellation fee of 50% of the original service booked will be charged. **When you book an appointment at Timeout for You Skin Management Centre we really care about the personalised service you receive and unlike other salons, we set that time and therapist aside just for you.** We often turn away other clients that are desperate for an appointment because we are fully booked. If you cancel with late notice it inconveniences the many other clients that are on our waiting list and doesn't offer us enough notice to contact that waitlist. You will be personally phoned or sent a text message **48 hours**, prior to your appointment as confirmation of your appointment and as acknowledgment of this policy.

We treasure our clients and you are important to us; so we will offer you a 'one grace policy' whereby if less than 24 hours notice is given due to personal or staff illness - as we do understand that sometimes people get sick. We are sure you understand our need to adhere to this policy and thank you in advance for your co-operation.
