**FAKE IT,
 YOU WILL LOVE IT!**

Time to break out the sun frocks and show a bit of leg ladies! Ok ok ok, so it's not quite swimming weather yet, but it is time to come out of those winter woollies and the easiest way to make that transformation into the sun goddess you are is to visit us for a spray tan!

Do your skin a favour, don't bake it—fake it! And when it comes to faking it, our sunless tans are amazing. Your tan will be golden brown and natural, no orange tans here!

- Spray tans are for everyone whatever your age, body type or skin type.
- We **GUARANTEE** you will walk out feeling wonderful & looking great.
- Feel like it takes kilos off. Look & feel like a million dollars!

PRE-TAN

- Shower and exfoliate skin prior to spray tanning session, or for best results book in for our recommended professional exfoliation treatment(s)
- Wear dark clothing, preferably loose clothing
- Do not apply moisturiser to the body as it will interfere with the development of the tanning solution on the skin.
- Be sure to conduct hair removal procedures prior to tan application.
- Timeout for You supplies disposable underwear.

POST-TAN

- Do not shower for at least 8-10 hours, this time allows the tan to develop on your skin.
- Do not exercise excessively or participate in activities causing heavy perspiring for at least 8-10 hours after the spray tanning process.
- Avoid activities which naturally exfoliate the skin such as long baths and chlorine pools.
- Moisturise your skin regularly, for best results use our professional tan extenders.

NB: Wash off after first shower is normal. This is simply the excess bronzer!
